Hay Lakes High School Families:

Please find a link to a survey to gather course and subject interest information for the next school year. Students may need to collaborate with their families to select the courses that best fit each student.

It is imperative that every student in grades 10, 11, and 12 for the 2022-2023 school year have a completed survey submitted.

This information will assist the HLS administration team in planning the upcoming school year's courses.

Please note that completing this survey is only indicating courses of interest and will not guarantee a teacher-taught class at HLS.

If you need to make changes, please resubmit the form. The most recent responses will be considered.

If you have any questions, please let me know.
