June 7, 2022

Dear Hay lakes School families:

We have been informed by the Village of Hay Lakes that, due to a repair project, the Village will be without water for the entire day on Tuesday, June 14.

This means there will be no access to water at our school and, as a result, the school will be closed for the day.

Any in-school exams or events that were scheduled for June 14 will be rescheduled.

We are sorry for any inconvenience this may cause. We are providing as much advance notice as possible, so you can make whatever alternate arrangements you need for your family.

Our school will operate 'as usual' until the water outage day on June 14 and resume again on Wednesday, June 15.

Before the school day begins on June 15, the BRSD Facilities department will flush out all the water lines at the school. In addition, we will provide bottled water, as well as hand sanitizer, for the use of students and staff for the following day or two, until the Village confirms the water is once again safe for drinking and hand washing.

Thank you.

William Klassen, Principal

Karla Koleba, Assistant Principal
