December 6, 2022

Dear Hay lakes School families:

We have been informed by the Village of Hay Lakes that, due to a repair project, the Village will be without water for the entire day on Tuesday, December 13.

This means there will be no access to water at our school and, as a result, the school will be closed for the day.

Any in-school exams or events that were scheduled for December 13 will be rescheduled.

We are sorry for any inconvenience this may cause. We are providing as much advance notice as possible, so you can make whatever alternate arrangements you need for your family.

Our school will operate 'as usual' until the water outage day on December 13 and resume again on Wednesday, December 14.

Before the school day begins on December 14, the BRSD Facilities department will flush out all the water lines at the school. In addition, we will provide bottled water, as well as hand sanitizer, for the use of students and staff until the Village confirms the water is once again safe for drinking and hand washing. If you'd like to send a full water bottle to school with your child that would be appreciated.

Thank you.

Lloyd Mackenzie, Principal  
Karla Koleba, Assistant Principal
